Our Mission

The mission of the Miami Valley Fire District is to protect life, property and serve the citizens of our fire district to its fullest. This is administered through fire suppression, prevention, inspection, investigation, emergency medical services, rescue operations, special operations, emergency management and, the effective training and administration of these disciplines.

We focus on strategic planning in order to determine proper service delivery levels based upon district personnel, equipment, and fiscal resources. We proudly serve our citizens and surrounding jurisdictions by striving to provide the highest quality fire & EMS services available and do so with the utmost regard for safety, ethics, professionalism, and compassion.

On behalf of the Miami Valley Fire District, I am pleased to present the 2022 annual report for the district and hope that you find the information useful. The Miami Valley Fire District had a very active year in 2022, with many exciting changes that will guide the district into the future. This report highlights the operations, activities, and accomplishments achieved over the past year.

Following my appointment as Fire Chief in February 2022, it has been my honor to lead this organization as it continues to grow and develop. The district staff continue to face challenges head on and innovate new ways to deliver the exceptional fire and emergency medical services that the citizens of Miamisburg and Miami Township deserve and expect. The district serves a very important role in the community as you will see throughout this report.

In 2022, the district responded to 10,316 calls for service. This is the highest annual call volume since the formation of the district in 2012. These calls for service covered a large variety of call types and the district firefighters and paramedics responded to each with distinction and honor. One of the most important accomplishments that the district achieved was the approval of an 11-mill operating levy in November. The newly approved levy will allow the fire district to continue to provide outstanding services to our citizens for many years to come.

I want to thank the citizens of both the City of Miamisburg and Miami Township, the Fire District Board of Trustees, the Fire District firefighter/paramedics, and everyone else that made 2022 a year to remember for Miami Valley Fire District. I am very proud of our dedicated staff and look forward to the exciting changes that are coming in 2023 for the Miami Valley Fire District.

Respectfully,

A handwritten signature in blue ink that reads "T. Brandon Barnett".

7339

Emergency Medical Services

The Miami Valley Fire District provides Advanced Life Support (ALS) from personnel certified by the Ohio Department of Public Safety and governed by the Greater Miami Valley EMS Council. This service is administered through the use of first response ALS medical units.

Personnel hold certifications of Emergency Medical Technician Basic (EMT-B) or Emergency Medical Technician Paramedic (EMT-P). The re-certification of the membership is administered pursuant to Ohio Department of Public Safety recertification requirements.

Requests for fire and emergency medical assistance are channeled through the Regional Dispatch Center. Following standardized "Emergency Medical Dispatch" protocols, fire and emergency medical units are dispatched to EMS incidents.

FIRE SUPPRESSION

Total Calls:
2977

FIRE SUPPRESSION

The fire district's priorities for providing fire suppression include life safety, controlling and extinguishment of fire, incident stabilization and property conservation. Members of the fire district are trained and equipped to perform aggressive interior and exterior fire attack when operating in the investigatory, fast attack and command modes. Fire suppression operations are delivered using personnel and apparatus that are strategically located throughout the response jurisdiction. When required or conditions exist that dictate the need for additional resources, automatic or mutual aid is supplied by neighboring communities. Written mutual aid agreements have been established with these agencies.

Based upon community risk assessment and preplanning, the types of fires the district may be called upon to extinguish involve but are not limited to: brush, structural (residential and commercial occupancies), combustible and flammable liquids, electrical, vehicle and other forms of transportation. Since the communities contain major state roads and highways (Routes 725, 741, I75 and I675), a variety of vehicles travel through our response jurisdiction.

TRAINING

Members of the Miami Valley Fire District train continually throughout the year to ready themselves for service to the community. EMS, fire, technical rescue are all trained on throughout the year. Members completed over 5600 hours of training in 2022. MVFD utilizes its numerous instructors within our ranks as well as outside entities such as Premiere, Kettering Health, and Cleveland State University to conduct trainings.

FIRE PREVENTION

Fire Prevention Bureau

Miami Valley Fire District's Prevention Bureau consists of Fire Marshal Bob Pugh and Fire Prevention Specialist Chris Amsler. The Fire Prevention Bureau is committed to reducing fire loss, injury, and death caused by fires, and to improving overall safety. The Prevention Bureau employs many strategies to accomplish the district's safety goals. Fire safety Inspections, code enforcement, building plan review, pre-fire planning, and public education are all components of the prevention program.

On Duty Crews conduct annual business inspections in their response area throughout the year. Members of the district are required to obtain Fire Safety Inspector certification.

Annual Business Inspections	1367
Fire Safety Plan Reviews	28
Final Inspections	41
Fire System Tests	110
Plans Reviews	14
Reinspections	356
Tent Inspection	15

PUBLIC EDUCATION

Keeping our community safe is our top priority for the Miami Valley Fire District and public safety is the paramount duty of the firefighters. The Miami Valley Fire District is dedicated to ensuring every city resident is safe at home, at work, and at school. Highlight of this year was in the month of October, when crews taught school-aged children about having an exit plan in case of an emergency. This year we talked to over 2,300 children to relay our very important safety message.

School Visits	43
CPR Classes	8
Fire Extinguisher Classes	4
Station Tours	16

PUBLIC EVENTS

The Miami Valley Fire District is proud to serve the communities of Miamisburg and Miami Township. We take part in as many Public Events as possible. We stand by at sporting events, community events and festivals. Speaking to children, adults, seniors, and the business community as well as our attendance at numerous events helped make our two communities safer places to live, work, shop, do business and attend school. This year we held Open Houses at four of our fire Stations to show the communities where we live and respond to emergencies from.
